YOUR 8-DAY JOURNEY

MAUN

Known as the gateway to the Okavango Delta, Maun is the last major village you'll visit before heading into the wilderness. Experience a rush of sights, sounds, and colour as herdsman take their cattle to market. Red lechwe graze beside traditional houses and local donkeys trek along the Thamalakane River.

MOREMI GAME RESERVE

Paved roads give way to off-road tracks as vibrant flora and fauna fill enchanting lagoons and papyrus rivers, attracting an abundance of birdlife. Crocodiles and hippos wallow on the riverbanks, as leopards and endangered wild dogs shelter from the heat in the dense forest beyond. Majestic Delta lions, Cape buffalo, and African bush elephants roam through the seemingly endless grasslands and secluded waterways that stretch and twist for miles.

OKAVANGO DELTA

This magical Eden forms where the Okavango River and the sands of the Kalahari meet. Known as 'the river that never finds the sea', crystal-clear waters evaporate into the hot desert air, creating a maze of lagoons, marshes, and wooded islands. This jewel of Africa is one of the continent's Seven Natural Wonders, and an unmissable highlight of your journey.

EXPERIENCE

KHWAI REGION AND MOREMI

After camping in the Khwai Region of Moremi on the northeastern border of the reserve, you'll experience the area's beautiful details. From the towering camel thorn acacia trees to the wonderfully aromatic wild sage, there is still so much to see.

CHOBE NATIONAL PARK AND MADIKWE DUNES

As you enter the park through Mababe Gate and travel along the Madikwe sand ridge, you'll arrive at Savuti - home to the largest elephant population on the continent. From scorching sandy plains to broadleaf woodlands and humid marshes, these diverse regions are a sanctuary for its inhabitants. And with limited vehicle numbers, this secluded area of the park provides the ultimate game viewing experience. Zebras, giraffes, greater kudus, and vervet monkeys are all in abundance. After sundown, spend your evening camping out in the bush as the nightlife emerges. Catch sight of honey badgers, aardvarks, and porcupines, as lions and elephants can be heard in the distance.

KASANE AND CHOBE RIVER CRUISE

As you travel north towards Kasane, you'll reach the meeting point of two major rivers: the Chobe and the Zambezi. Stopping for lunch along the way, you'll have the chance to experience the riverine woodland surrounding the town. At sunset, immerse yourself in the serenity of a boat cruise along the Chobe River. Drift through the side channels in silence, broken only by birdsong and the calls and splashes of hippos.

DESTINATION DEFENDER: BOTSWANA SAFARI

DEFENDER
EXPERIENCE

VICTORIA FALLS

Crossing the border into Zimbabwe, the placid Zambezi River is transformed into 'The Smoke That Thunders'. In the middle of the verdant rainforest, iridescent mist emanates from the waterfall as the Zambezi plunges into eight basalt gorges, serving as breeding sites for endangered birdlife. Standing in the spray of the mighty falls, you will experience breathtaking views of one of the world's original Seven Natural Wonders.

DESTINATION DEFENDER: MAUN TO WINDHOEK

DEFENDER
EXPERIENCE

MAUN TO WINDHOEK 12 DAYS

Discover how the Okavango River brings life to the delta. Travel the lagoons and winding waterways and marvel at the wide array of wildlife that calls this place home. National parks and game reserves stretch out before you. Come and explore.

YOUR 12-DAY JOURNEY

MAUN

Set on the banks of the Thamalakane river in northern Botswana, Maun has grown into a bustling town that's now considered Botswana's tourism capital. Take a cruise up the river or discover local history, art and culture in the Nhaba Museum. The forest groves of the Maun Game Reserve and the wildlife of the Moremi Game Reserve are within easy reach.

MOREMI GAME RESERVE

Ranked as one of the most beautiful reserves in Africa, the Moremi Game Reserve stretches over 4871 square kilometres. Luxury lodges within the reserve offer the ideal base from which to explore the park's savannah, winding waterways and dense forest. The reserve is home to large herds of buffalo, wildebeest and zebra. You might even encounter lions and cheetahs.

KHWAI COMMUNITY AREA

At the northern boundary of the Moremi Game Reserve lies the Khwai Community Area. This private concession has unfenced boundaries, allowing wildlife to move freely between the woodlands in the wet season, when water is plentiful, and back to the permanent rivers and lagoons in the dry season. Take the opportunity to soak up the scenic landscapes on a walking safari or seek out nocturnal happenings on a night drive.

OKAVANGO PANHANDLE

In the Panhandle, the Okavango River runs more-or-less straight for approximately 70 kilometres before flowing into the Okavango Delta. The deep channel is teeming with fish, while a myriad of birds can be found in the shallow waters. The Panhandle is dotted with villages and is an excellent location for fishing and boating. Some 40 kilometres west you will find the Tsodilo Hills rising from the Kalahari Desert. These hills are famous for their large collection of tribal cave paintings, some dating back as far as 20,000 years.

DESTINATION DEFENDER: MAUN TO WINDHOEK

DEFENDER
EXPERIENCE

DIVUNDU

On the southeastern banks of the great Okavango River lies the small village of Divundu. With the Popa Falls a stone's throw away and access to multiple game parks and national reserves, Divundu is the perfect base for adventures in the Okavango Delta. The nearby Mhango Game Park is home to elephants, hippo, buffalo and giraffes.

KHAUDUM NATIONAL PARK

In the Kalahari Desert you will find the Khaudum National Park, a remote wilderness that attracts relatively few visitors. The park's wild and isolated beauty will draw those with an adventurous spirit. A haven for a diverse array of animals, the park features a spectacular landscape with broad riverbeds and endless wide-open spaces. The perfect setting for an adventure in Defender.

GROOTFONTEIN

It is believed that the Hoba meteorite struck earth 80,000 years ago. With a weight of nearly 60 tonnes, its enormity is a sight to behold. Find it just outside the town of Grootfontein, its name derived from the Afrikaans for 'Big Fountain'. In the summer months, the fertile town turns purple with flowering Jacaranda trees.

EXPERIENCE

FIUME LODGE AND GAME FARM

At the Fiume Lodge and Game Farm you can see more than ten different big game and smaller mammal species. The lodge offers comfortable accommodation in nine stylish chalets, as well as easy access to Khaudum National Park, Etosha National Park and Bushmanland.

WATERBERG PLATEAU NATIONAL PARK

Looming over the Otjozondjupa region, the Waterberg Plateau stands 50-kilometres-long and 16-kilometres-wide. Named after the springs that flow from its foothills, the Waterberg Plateau National Park is a fascinating geological site where you can find 200-million-year-old dinosaur footprints and petrified sand dunes. Its natural water sources make it a lush haven for a variety of animal species, including leopards and rhinoceros. Learn about the local Herero culture on an informative village tour, track rhino on a guided safari or explore the impressive sandstone plateau.

CLIMATE

Botswana boasts a range of diverse environments, from the verdant Okavango Delta to vast open plains. Hot and arid for most of the year, the summer rains are a welcome contrast to the desert-like climate. Highly localised and often torrential, these unpredictable rains are viewed as a precious life-sustaining resource.

Namibia is among the sunniest countries in the world. Temperatures soar during the day in the Namib Desert, one of the driest on the planet, and plummet at night. Free from light pollution, the Namib is renowned for its clear skies and stunning vistas.

FAQS

THE JOURNEYS

Who does the driving?

There will be a Destination Defender Product Expert on hand to provide guidance and support, but these are self-drive itineraries, so you're behind the wheel.

What vehicle will I be driving?

Will they be manual or automatic?

Guests will drive the latest Defender. All vehicles are equipped with automatic transmission.

How many guests are in each vehicle?

Prices are based on two people sharing a vehicle. On request, a third and fourth guest can be booked into the vehicle.

Can I bring my own vehicle on the journey?

It is not possible to participate with your own vehicle due to insurance reasons.

Will I have my own vehicle if I'm travelling by myself?

For safety reasons, solo travellers will be paired with another guest. If there is an odd number of guests, one of our Product Experts will accompany you in the vehicle.

How will we navigate the terrain?

Guests will generally travel in convoy using radio communication between vehicles.

INCLUSIONS

What is included in the price of the journey?

Driving activities and accommodation. Breakfast, lunch, dinner and drinks with meals. Journeys are subject to change based on local conditions, accommodation, availability, and minimum guest numbers. Your travel concierge will be in contact should a withdrawal be necessary, with an immediate refund of your deposit. Please refer to our terms and conditions

for more information.

Are itineraries and accommodation confirmed?

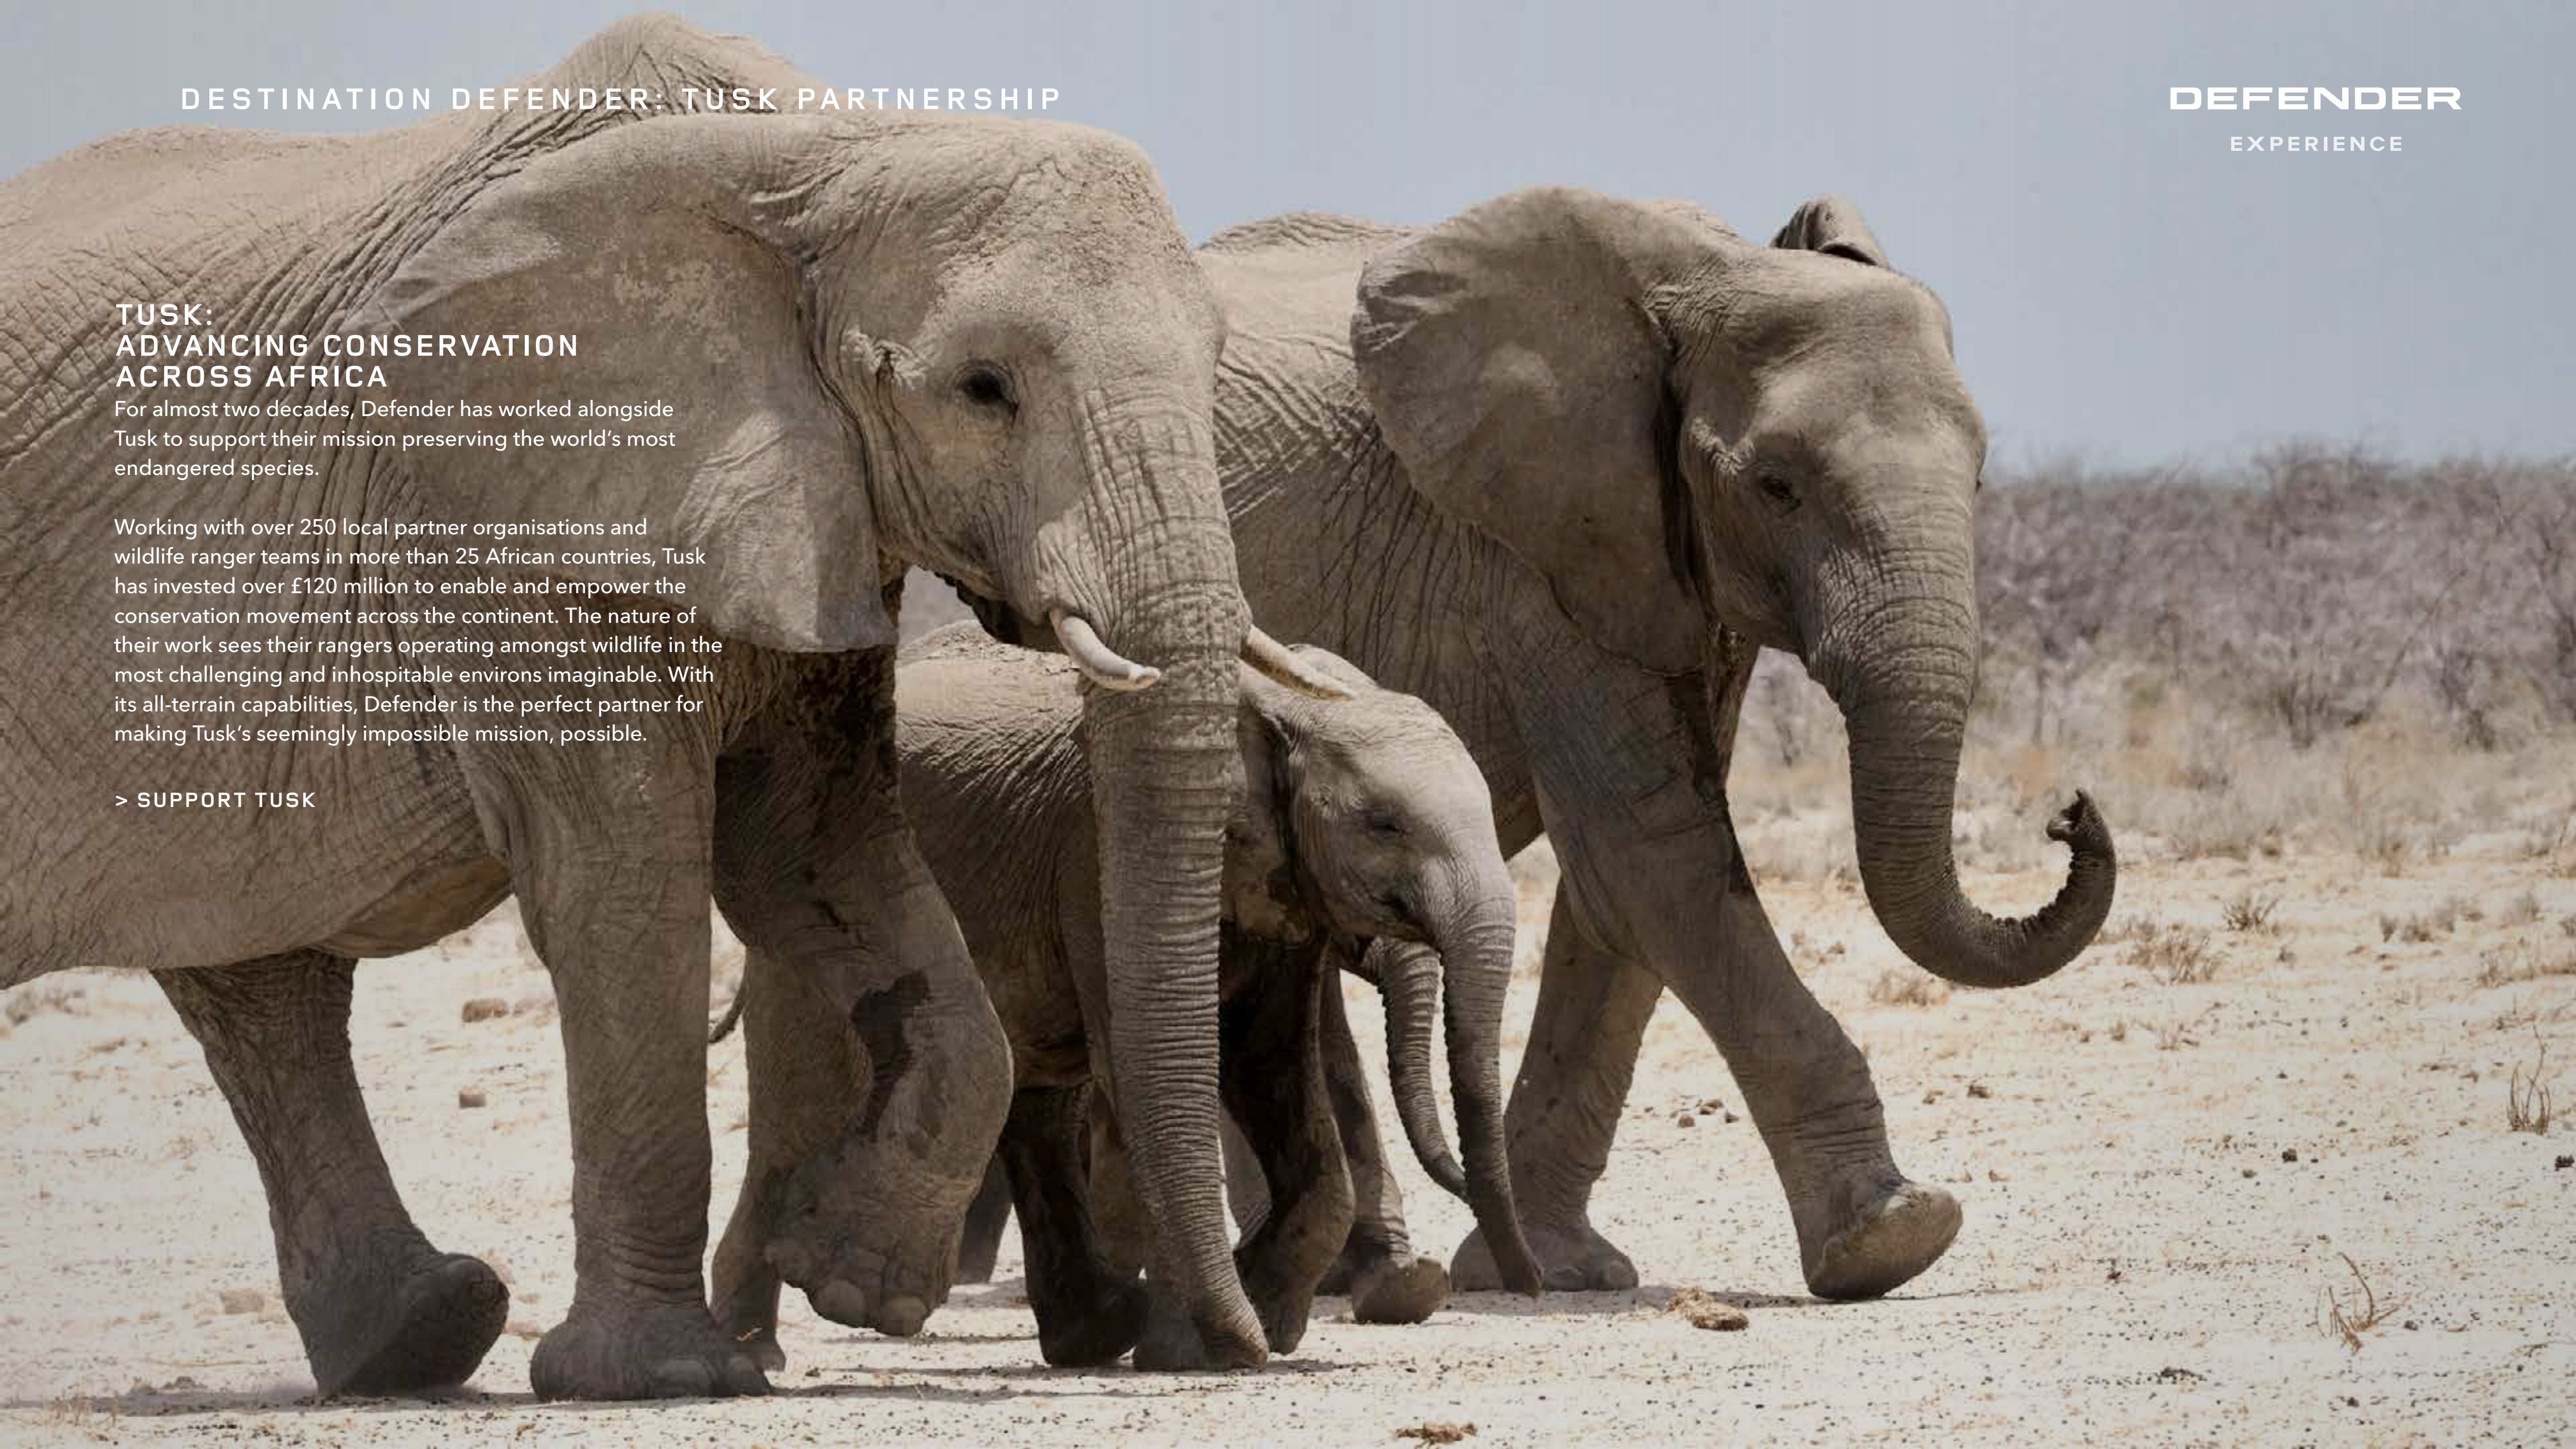

The itineraries and accommodation displayed may be amended and replaced with similar alternatives based on availability.

**TUSK:
ADVANCING CONSERVATION
ACROSS AFRICA**

For almost two decades, Defender has worked alongside Tusk to support their mission preserving the world's most endangered species.

Working with over 250 local partner organisations and wildlife ranger teams in more than 25 African countries, Tusk has invested over £120 million to enable and empower the conservation movement across the continent. The nature of their work sees their rangers operating amongst wildlife in the most challenging and inhospitable environs imaginable. With its all-terrain capabilities, Defender is the perfect partner for making Tusk's seemingly impossible mission, possible.
